WEEKLY RESUME OF EVENTS IN THE SPORTING WORLD HERE AND ABROAD

(By Associated Press.)

NEW YORK, Jan. 23.—Plans for the Johnson-Willard championship battle at Juarez, Mex., on March 6 are rapidly being completed. The promoters have established permanent quarters at El Paso, just across the international boundary, and mapped out a long list of details which must be arranged before the principals enter the ring. Training quarters for champion and challenger have been selected and the preliminary workout will begin within the next two weeks.

Willard will do his conditioning in the suburbs of El Paso, where the summer home of one of the leading citizens has been placed at his disposal. Located on one of the principal boulevards of the city, it will be easy of access and with the surrounding grounds and stables afford excellent facilities for both indoor and outdoor work. Johnson will prepare on the Mexican side of the Rio Grande. Training quarters have been secured for him in the Juarez opera house and accommodations for himself and staff of helpers in a nearby cottage.

Both pugilists are planning to arrive at the training camps early next month in order that they may become accustomed to the rarefied atmosphere. Both El Paso and Juarez have an altitude of close to 4,000 feet and training conditions are vastly different from those prevailing at lower levels. This was brought out sharply in the Johnson-Jeffries contest in 1910. After spending some weeks in conditioning at close to sea level near San Francisco the camps were shifted to Reno, when the governor ordered the pugilists out of California. The change to the Nevada town at an altitude of approximately 4,500 feet set back the training for fully a week while principals and helpers were adapting themselves to the lighter air.

International Tournament Promised

Contrary to early reports, there appears to be a possibility that the coming golf season will be featured by at least one international tournament. The entry of several of the more prominent of the English professionals in the American open championship at Baltusrol, June 15 to 18, is almost certain in case the English open set for about the same period is declared off on account of the war. The English golfing authorities have not as yet made a definite announcement regarding their tournament, but close observers of the trend of the sport abroad are of the opinion that the open golf championship will be dropped for the season of 1915 as has been done with the Henley regatta, the Oxford-Cambridge crew race and other English sports classics.

Tennis May Move from Newport

At the annual meeting of the United States National Lawn Tennis association to be held in New York, it is likely to be given careful consideration. The West Side club, situated at Forest Hills, L. I., one of the leading clubs of the metropolitan district, is expected to offer to stage the 1915 championship events. If this policy of moving the all-comers' tournament from Newport is adopted it is thought that in years to come the championship play will be shifted from city to city each season, as is done in the golf title tournaments.

Opposition to the plan is certain to develop, for the All-Comers has been held continuously at Newport since 1881, when the national tennis championships were established. Without some form of eligibility rule with which to control the entries it is feared, in certain quarters, that the tournament, if held in the larger cities, will be swamped by ambitious racket wielders who desire to compete. Newport, because of the expense incidental to travel and accommodations, never received much more than 200 entries, yet the tournament in recent years has extended over a period of six to eight days.

Held in New York or Chicago, it is probable that the entry would be

double these figures. In order to reduce the list to a point where it could be handled with reasonable speed and satisfaction, a rating or eligibility standard would have to be adopted. While this is done in other national sport championships, it is against the ethics and standards of the U. S. N. A. T. A., and would be certain to provoke much comment and criticism. As a result the situation that will face the delegates at the annual meeting is a peculiar one and the awarding of the coming season title tournament a matter of much speculation among tennis enthusiasts.

Coaching System Over-Organized

In referring to sport at Princeton university President John Grier Hibben in his annual report states: "Our athletics, not only in Princeton but throughout the country, are suffering from an over-organized system of coaching. I hope that the time may soon come when the paid coach will disappear. He and his ever increasing number of assistants, all of whose expenses prove a heavy drain upon the athletic treasurer and tend to keep up the gate receipts of intercollegiate contests at an abnormal figure, render intercollegiate sport an unduly expensive affair."

Jetic authorities may differ with President Hibben on the subject, the fact remains that Princeton paid large sums for coaching last season. The latest report of the athletic association shows total revenues of \$48,390.26 and expenses amounting to \$46,977.75, leaving a net revenue of \$1,412.51. Coaches for varsity and freshmen teams cost \$11,349.69. The principal items were as follows: Football, varsity, \$5,516.54; freshmen, \$887.55; baseball, varsity, \$2,801.65; freshmen, \$743.55; basketball, swimming and wrestling, varsity teams only, \$1,400. To these figures must be added the salary of the regular trainer and athletic coach, which with expenses could bring the total within striking distance of \$20,000 or about forty per cent of the total receipts of all forms of sport at Princeton.

INTERESTING FACTS

The retirement of the Austrian minister for personal reasons reads just like the retirement of men in America who have strong calls to private business when they get fired. —Birmingham Ledger.

At least the military costumes now fashionable among women are not to be classed among the horrors of war. Indeed, one thinks of what a blessing it would be if military costumes were worn by women only. —San Francisco Chronicle.

Nevada News in Briefest Shape

C. P. Ferrel had a lead of four votes over A. A. Burke in the contest for the office of sheriff when the counting of the contested ballots in all the Washoe county precincts was completed except a few for review.

Large shipments of stock are being made to the coast from various points in Nevada. Fifteen cars were sent out of Sparks Wednesday over the Southern Pacific.

It is announced that the new plant now under course of construction for the Churchill creamery Inc. will be ready for operation on February 1st. Scarlet fever has claimed its first victim at Fallon, during the present epidemic, being Earl Connor, 20-year-old son of Mr. and Mrs. T. E. Connor.

Frank Nevin, after nine years of service as a guard at the state prison, has been promoted to the head of

the prison commissary, recently vacated by Charles Day, who was appointed night watchman at the capitol.

Elko prospectors are said to have uncovered a six-foot ledge in the Hilltop district carrying \$84 in gold to the ton.

John McConaghey, who has a lease and bond on the Sweepstake group of mines, is in from Bullion. He states that about six weeks ago they started to extend the Hesson tunnel, to cut an ore body that they had sunk on last summer—which required driving it another 350 feet, that they have driven it 138 feet and have cut four feet of silver-copper ore of average value of \$28 per ton. This ore has good lime foot wall and a porphyry hanging and the tunnel cuts it at a depth of 275 feet below the surface.—Elko Independent.

HEROES AWARDED CARNEGIE MEDALS

FORTY-FOUR BRAVE MEN AND WOMEN ADORNED FOR HEROISM

(By Associated Press.)

PITTSBURGH, Pa., Jan. 23.—Forty-four acts of heroism, largely those of young men and women in widely-scattered places in the United States and Canada, were recognized at the eleventh annual meeting of the Carnegie hero fund commission here today by the award of eleven silver medals and bronze medals in the other thirty-three cases.

Thirteen of the heroes lost their lives, and to the dependents of seven of these, pensions aggregating \$3,900 a year were granted; to the dependents of four of the others who lost their lives, sums totaling \$3,000, to be applied, subject to the direction of the commission, in various ways, were granted. In addition to these money grants, in eight cases sums aggregating \$14,000 were appropriated for educational purposes, payments to be made as needed and approved; and in twenty-three cases awards aggregating \$21,615 were made to be applied toward the purchase of homes, the liquidation of indebtedness, and to other worthy purposes. Payments in these cases will not be made until the beneficiaries' plans for the use of the awards have been approved by the commission.
